- **Intermediate**: Python, MeteorJS, React, MongoDB, PostgreSQL, MySQL, Ajax, REST, bash

- **Basic/School:** Terraform, Puppet, GraphQL, NodeJS, C#, C++, Java
- **OS**: Windows, Linux(ubuntu, centos, redhat)

- Other Information About Me -

In high school, I was one out of the three students(out of ~3000 total) to receive a certificate of outstanding IT & web development knowledge. Currently, I'm an admin for a church web hosting and a website. Volunteered as a member of an IT team in church (i.e, audio operator, video projector, live stream, etc). Graduated from Source of Wisdom Bible College. Frequently asked to fix computers, clean PC/laptop from malwares, troubleshoot and resolve complex technological problems; known as a "go-to" person for IT issues. Knowledge of Russian/Ukrainian languages.
